About Me

Creative and results-driven Web Designer with over 7 years of experience building high-performing, user-centered websites and digital experiences. Skilled in UX/UI design, SEO, and responsive development, with a passion for crafting visually engaging, conversion-focused web solutions. Proven ability to lead cross-functional teams, manage end-to-end web projects, and align design strategy with business goals.

Work Experience

WEB DEVELOPER & DESIGNER

2024Jan - 2025..

ALL IN ONE SOFTWARE | 2024 - 2025, MARCH

I offered a special fusion of technical development know-how and imaginative design to produce powerful digital solutions. My area of expertise lies in developing aesthetically pleasing user interfaces, utilizing UI/UX concepts, and guaranteeing responsive design across several platforms. In addition, my ability to work with front-end technologies like HTML, CSS, and JavaScript enables me to create dynamic and fluid online experiences. I collaborate with cross-functional teams to convert customer needs into aesthetically pleasing and highly useful websites. I'm dedicated to staying ahead of business trends, therefore, I'm always looking for ways to improve digital innovation.

WORDPRESS ENGINEER

2022Dec -2023 May.

UCESCO AFRICA | 2022DEC - MAY 2023 (CONTRACT)

Created and maintained the UCESCO website, modifying plugins and themes and enhancing SEO and site performance. Third-party APIs were integrated, technical problems were resolved, and safe, approachable fixes were put in place. To guarantee a successful project delivery, I had to collaborate closely with designers and project managers. By consistently advancing the functionality and appearance of websites, I helped to improve user experience, boost engagement, and advance company objectives. My main goal was to provide efficient, scalable solutions that address both short-term and long-term demands.

FRONT-END ENGINEER

2023May - Sept.

NETDOC | 2023 (CONTRACT)

I successfully maintained and improved the website, collaborated effectively with the development team, and ensured that user and customer needs were addressed, leading to a better overall website experience.

FRONT-END ENGINEER

2022

ANDELA WITH ELDOHUB | 2022

Successfully led update sync meetings, fostered effective communication within the team, and ensured timely project updates. Additionally, as part of the team, we successfully utilized various technologies and tools to build and deploy web applications, resulting in functional and user-friendly websites. The effective use of tools enhanced project management, collaboration, and productivity throughout the development process.
